Experience the Essence of the City

Immerse your space in the essence of Bangkok, a city where tradition meets innovation, and every street tells a story. Our Bright Light Big City collection continues its journey with designs inspired by the dynamic neighborhoods of this Southeast Asian metropolis. From the bustling energy of Siam Square to the tranquil flow of the Chao Phraya River, each tile reflects a unique facet of Bangkok's vibrant urban life.

This design features bold, textured patterns and rich colors inspired by the neon-lit streets and multicultural melting pot of Nana.

Known for its eclectic mix of cultures and its vivid nightlife, Nana is a district that never rests.
