LONDON WATERLOO

A center of transport and connectivity, Waterloo stands as a gateway to both local commuters and international visitors. Inspired by this hub of movement, this carpet reflects a structured yet fluid design, evoking the constant rhythm and movement of arrivals and departures. Subtle flowing patterns and a modern, minimalist color palette reflect the station's ability to connect worlds while maintaining the sleek essence of metropolitan life.

Standing proud in Waterloo Station is a tribute to the Windrush Generation, a post war movement of people which brought vibrant culture, and laid the foundation for a more diverse society.

Inspired by the positive flow of this busy intersection of todays world and the history it reflects as it captures the romance and vibrancy of Waterloo's bustling atmosphere.

BRITANNIA'S PRIDE

Drawing from the iconic Britannia statue, this color embodies strength and heritage with flowing lines and refined details. Perfect for hospitality spaces, it adds a touch of British elegance and timeless charm.

STATION RHYTHM

Inspired by the pulse of Waterloo Station, this design captures the rhythm of lights and architectural exterior. Ideal for auditorium, hotel corridors, classroom and more, it brings an energetic, structured ambiance that echoes the constant flow of explorers.

MIND THE GAP

WL206

In today's fast-paced world where life rushes by like a speeding train, it's easy to lose yourself in the hustle. Those little spaces between each task, and thought are so important. Pause, take a breath, and embrace the gaps where creativity, connection, and ideas can hide, waiting to be found amidst the chaos of the day. Remember to - mind the gap!
